

Welcome to “The Power of One” Conference. We are happy that you could join us for this day of entertainment, education, workshops and networking.

We would like to give a special welcome our keynote speakers Gail Pittman and The Honorable Libby Payne along with our workshop speakers and special entertainers. Each of these women will bring their unique perspective, talents and insight to our conference.

Since the beginning of “The Power of One” Conference in 1996, the response of Mississippi women who have attended this worthwhile seminar has been remarkable. This year’s conference promises to be another outstanding meeting. Today you will have the opportunity to participate in workshops that cover issues such as women’s health, self-improvement, time management, positive self-image, workplace management and leadership. In addition to these educational opportunities, you will also be thoroughly entertained throughout the conference.

Enjoy this day that has been designed specifically for you, a Mississippi woman. We are pleased to be with you, and thank you for your participation in “The Power of One” Conference.
